SOME NEW BOOKS.

A beautiful little edition of "Romances, Lyrics and Jonnets," from the works of Mrs. Browning, has just been published by Houghton, Mifflin & Co. It is uniform with a volume of Robert Browning's lyrics, and in its prettiness fit for the handling of a fairy.

—a long, dreamless, unawakening sleep,
out his works will speak for him while literature
lasts. His prose, so rich and sunshiny, his poetry, so
delicate, so graceful, can never lose their charm for
the true lover of beautiful English, of scholarly and
refined thought. A well printed volume of his prose Walter Savage Landor sleeps the true lover of beautiful English, of scholarly and refined thought. A well printed volume of his prose has just come for a welcome from the press of Roberts Brothers. It includes the "Pentaneron," the always beguling "Citation and Examination of William Shakespeare," and a number of minor essays and critches. This volume, with the five of "Imaginary Conversations" and the "Pericles and Aspasia," compared the Pocheuts edition of Landor. ise the Roberts edition of Landor.

fancy to good account in "Brownies and Bogles" (D. Lothrop Company), a little book about the fairy myths of many lands. It is all the more attractive that it does not too abruptly shatter childish faith in

The immortal poem through which burbles the betweek is sometimes cited as containing the best collection extant of expressive nonsense-words. Per-haps it does include in its few verses more new words than the late Edward Lear was accustomed to employ within the same space, but it can never take prece-dence of Lear's whirling whimsicalities, his julcy a humor of its own; it wasn't merely a new word; it was a new idea, ingeniously expressive of something that analogous words hadn't quite expressed before. He made a fine art of nonsense and gave it a permament place in literature. "I really don't know any outhor," says Ruskin. " to whom I am half so grateful for my idle self as Edward Lear," and many a man and woman will echo the critic's words. Something of this gratitude we herewith offer to Messrs. Roberts Brothers for the handsome edition of the "Nonsense ooks " which they have just brought out. It has all the original illustrations, and includes all of Mr. Lear's writings in this vein. It is a bookful of innent fun, which will be a delight to both oldster and youngster while there is a sense of humor and sweet simple heartedness left in the world,

The Putnams have lately published in their pretty series of "Knickerbocker Nuggets" Thackeray's "Rose and the Ring," with the original illustrations. We wonder how many readers of this inimitable story have realized that here is the undoubted germ of Mr. W. S. Gilbert's comic opera librettos? The Putnams have also brought out a "Katrina Edition" of Irving's "Sketch-Book" in a small volume, ornamented by a portrait of the fur-surtout and ruffled-shirt kind. From the same firm comes a "holiday edition," entitled "The Silver Treasury," of the excellent collection of poetry for home and school arranged and first pubhed some years ago by Anna C. Brackett and Ida M.

"The Longfellow Collector's Hand-Book" (W. E. Benjamin) is a little volume which the collectors of first editions will find very useful. It includes forty-
